

Announcement

September 8, 2010

Ayrshire Electronics receives International Traffic in Arms Regulation (ITAR) Registration from the US State Department's Office of Defense Trade Controls Compliance.

Ayrshire Electronics is pleased to announce that the Office of Defense Trade Controls Compliance has listed Ayrshire Electronics as a registered manufacturer and exporter of defense-related products and services under International Traffic in Arms Regulation (ITAR) Part 122.

The pursuit of the ITAR Registration reflects Ayrshire Electronics' commitment to enhancing its capabilities and value as a strategic manufacturing partner. Through ITAR Ayrshire Electronics can deliver more flexible, value added manufacturing solutions exceeding the expectations of our Defense and Aerospace customers.

Headquartered in Louisville, Kentucky, Ayrshire Electronics is a full service privately held Electronic Manufacturing Services (EMS) Company with five manufacturing and support facilities. Ayrshire manufactures printed circuit board assemblies and complex final assemblies supporting OEM customers across multiple market segments.
